

# Ella Fitzgerald Park

## Art in the Park

Detroit artist Hubert Massey is creating two murals, in collaboration with neighborhood residents, which are being installed in the park this week!

Join in the neighborhood events to share your community vision, help install the park murals, visit with neighbors, and celebrate summer in Fitzgerald!

Ella Fitzgerald Park is a part of the Fitzgerald Revitalization Project, an initiative led by the City of Detroit to stabilize and strengthen the neighborhood by transforming publicly owned vacant land and buildings into community assets.
